## DV33 Tower Fans

With Remote Control & LED Display

These stylish slimline tower fans provides an immediate fresh flow of air while being able to be slotted into any space or corner of the room. Measuring less than 1m in height and 24cm in depth and base width, these quiet fans fit into any office or bedroom to provide instant cooling power.

These units use a copper motor to ensure minimum heat output, meaning you get cooler air and less work for the fan to keep itself cool. Copper motors also have a longer life than units using other motor types.

### Features & Benefits

- ✓ Horizontal Oscillation
- ✓ 3 Modes - Normal, Natural and Sleep
- ✓ 24 Hour Timer
- ✓ Colour Options Available
- ✓ Stylish Design
- ✓ 12 Hour Shutdown Timer (30 minute Increments)

### Technical Details
